CRITTER CATCHERS GRANT: BATS OF THE WORLD AWARDED TO BAKER COLLEGE EARLY LEARNING CENTER

Owosso, MI, August 22, 2012 - Baker College Early Learning Center would like to invite you to step into the exciting and mysterious world of bats, with the Organization for Bat Conservation. Please plan to attend a special free presentation on Wednesday, August 22, 2012 at the Baker College of Owosso Welcome Center at 10:00 A.M. The importance of bats, habitat, conservation, and the amazing adaptations bats have to navigate their nocturnal lifestyle will be explored. Program attendees will get a chance to meet African fruit bats, a local insect-eating bat, and a Jamaican leaf-nosed bat. The presentation is sponsored by Critter Catchers Inc. of southeastern Michigan. The Ortonville, Michigan-based Critter Catchers, Inc. was founded in 2005 and was formed by David Kugler, an Oakland University graduate holding a Bachelors of Science in Biology, and a Masters Degree in Environmental Engineering from Wayne State University. Critter Catchers provides wildlife control services in southeast Michigan and specializes in humane bat removal and other attic pests. Please visit the website at www.crittercatchersinc.com or call 1-248-432-2712 or Baker College Early Learning Center at 989-729-3340 for more Critter Catchers information.
