Protect People, Protect Bats

Peekaboo Rescue Fund Grant Project:

A video on bats and rabies designed to advance the conservation and re surviving bat populations in order to mitigate human-caused sources of additional detrimental effects. The film is in collaboration with USFWS a Game, and seeks to provide a clear and consistent message about bats wildlife and public health agencies at multiple levels of government to in the human/bat interface. An important goal of the film is to alleviate the bats in general, dispel myths and misunderstandings surrounding bat be awareness regarding rabies prevention and control in humans and anim

Date Funded: 01/30/2019
