A BIG Thank You to Dave Kugler of [Critter Catchers - Bat & Mice Experts](#), [wildlifecontrolhelpline.com](#), and [propestman.com](#) for becoming a Lubee Bat Conservancy Corporate Sponsor!! His overwhelming love for bats make him very cautious when recommending companies, as he wants to ensure that he's only using businesses that never harm bats. David continues his love by donating to bat conservation and education. Everyone send some love to this awesome fellow and consider these companies for bat exclusion work.

Dave's companies are based out of Michigan and Ohio, but check out the [wildlifecontrolhelpline.com](#) should you have questions regarding new wildlife neighbors.
